Screen is smashed and in purple and pinks. Seems like every download on this site is busted.

cum mann 2021-03-02 1 point.

doesn't open, wtf?

Jules 2021-01-29 0 point.

I got this to open up to the first intro video but watching it or skipping it just leads to a black screen with I'm assuming menu music playing? Does anyone have any ideas on how to fix this?

idiots 2020-11-04 1 point.

if you just download the game and open it. it wont work.. you need to download the no-cd app also. Under "Game Extras" NOCD download and replace it with the Cdrive install file.. should run fine. If you get weird colors run in compatability mode.. enable 16bit colors.. and disable full screen.

RB 2020-05-13 2 points.

Game doesn't run.

beans 2020-04-10 0 point.

Game also won't even open for me. I tried adjusting the compatibility settings, still nothing. Any suggestions?

Gonzalo 2020-04-09 2 points.

Downloaded it and won't open or run. Help.

Bell 2019-10-12 6 points.

I downloaded the game, installed it, it won't even open or start.

Download Hoyle Board Games 2001 (Windows)

Here is the video game "Hoyle Board Games 2001"! Released in 2000 on Windows, it's still available and playable with some tinkering. It's a strategy and puzzle game, set in a board / party game, cards, chess, turn-based, licensed title and tile matching puzzle themes.

love the game but battle to download it at times it just vanishes. for older people this is a good game to keep them occupied.

Kusa 2020-12-16 0 point.

supersondos 2020-12-08 4 points.

we lost this game because me and my brother were arguing and we accidentally deleted it and since we were kids we didn't know about recycle bin.

Angelique 2020-11-26 0 point.

Like holy board games.

JohnB 2020-11-14 2 points.

Runs well on Windows 10. I used to play this in school back in the very early 2000's. Always played against the redhead haha.

flora 2020-09-19 0 point.

its interesting game i luv it.

Pj 2020-09-14 2 points.

Used to play with family.

Russelle Di 2020-08-26 0 point.

Used to play this on our family pc with my brother and sister.

Nida shahid 2020-08-17 0 point.

I like this game.

Long Live Gax 2020-08-03 4 points.

So great to get a chance to play this! I didn't have this exact version growing up (mine had cabin/space atmosphere options), but I was so excited to see all the characters I remembered as a kid. The newest renderings of the game ended up replacing several (Gax was an especially tragic loss imo.) Some of the jokes I really didn't understand until playing as an adult, so added bonus there.

Facemaker doesn't work for me (crashes the game) which is a bit of a shame, but just because I can't make my own uncanny valley avatar doesn't mean I can't select from the broad assortment of default uncanny valley avatars. You can't play Hoyle without it looking slightly cursed, after all.

Overall, I'd definitely say this game holds up. I've been looking for a way to play classic Hoyle for ages without partitioning and this version makes it easy. I'm on Windows 10 and just had to mount the disk image, run setup, and install.

Hoyle Casino.

Rather early in the nineteenth century, we as a culture built various havens for gamblers to lay down their hat. Places like a little piece of Nevada you might know called the Las Vegas Strip. Since then, we have seen the this pastime become a multi-billion dollar industry where more people than ever are wagering, wheeling, dealing and testing their luck. Yet even back in 2000, Hoyle Casino was around to offer players who couldn't quite commit to a trip to Las Vegas with a virtual experience and mimics the real thing.

This game plays rather similarly to titles such as Hard Rock Casino, Hot Slot, Lynx Casino, Vegas Stakes and Golden Nugget to name a few. This title aimed to offer a genuine and authentic gambling experience for players from the comfort of their own home. However, was this game a jackpot winner? Or did it go bust trying? We find out in our review of Hoyle Casino.

Play The Cards As They're Dealt.

If you are a returning player to the series and frequently invest in Sierra's brand of casino style video games, then this one might disappoint you. In

terms of fresh content, there really isn't a lot to speak of. The game features new multiple line poker, video poker and blackjack variants and players will also have access to five new playable characters. However, we regret to inform you that the new content stops there. So if you already own this game's predecessor, we really see no reason to invest in this one.

However, for newcomers to the series, this is perhaps one of the best casino games of its era. It offers a comprehensive list of 14 different casino titles, each with just about any variation of the game that you can think of. Players can play for petty change, or for big bucks. Plus, the game offers a great variety of game types too, from popular table games, to slots, to novel horse betting machines too. The game truly does have all that you could possibly want if you are a gambler looking for your virtual fix.

Then with regards to the presentation, the series once again values functionality over style. The games UI and design make each game intuitive and easy to play. Plus, the menus are simple to navigate, making quick changes between game types a piece of cake. However, in terms of presentation, the game lacks a certain refinement that would have been appreciated. The animations are sluggish, the textures and models are rough around the edges and as a whole, the game doesn't give us the high roller experience we crave.

The Verdict.

Overall, Hoyle Casino is a game that offers very little in terms of new content and doesn't provide a stylish or luxurious experience. Yet despite this, it is still a wonderful casino game for the time of release. Nowadays we have an abundance of online gambling options at our fingertips but Hoyle Casino was a pioneer in many ways and is a relic that acts as a blueprint for the online gambling infrastructure we have today.

That being said though, in this day and age, it's more of a game to be admired as a concept rather than a gaming experience that holds its own on merit.

Hoyle Casino Games for PC and Mac.
